

Image is everything!

When you have your picture taken, you sit up straight and say, "CHEESE!", right? This may work for your family reunion group photo or even an elementary school photo, but **promotional photos** are aimed at creating **interest in you and your talent**.

Photos that are exciting, dynamic and filled with personality are an absolute necessity in today's entertainment market. The average photographer – even a professional studio photographer – doesn't know how to capture an energetic promotional photo...

But this is **What I Do!**

My name is Michael Messing. I've been a professional photographer for more than 30 years – which is nearly as long as I've been performing magic. This combination makes **photographing entertainers my specialty**. I know how to capture your style and uniqueness, and I guarantee that I can get some great shots of you!

At this year's KIDabra!, I'll have a **complete professional studio** set up ready to work with you to make some exciting photos happen and I **will be joined by creative consultant Tom Vorjohan, who will be there to help you get really dynamic photos**. I can work with anyone's budget based on your needs:

- **Up & Away! The Complete Working Professional Session!**

This is the ultimate session when you're working multiple markets! **It will give you as many poses and costumes as we can fit into two hours**. Get photos for all your Library, Halloween, Christmas, Easter, birthday party and school shows! Bring your props and a rack of clothes, and be ready to have the most fun possible getting your photos taken! The best part is that it gives us plenty of time to be as creative as possible in taking your photos. We won't need to rush. You'll get 20 finished photos for **\$799!**

- **Moving on Up!** If you are an active and busy performer, you need more than just a few photos to show what you offer. This session will get you the variety of images you can use for several marketing and publicity needs. We'll work with you to create some dynamic photos that will really draw attention. **Plan on nearly an hour of fun** as we try to help you increase your business by making you look fantastic! This session gives you enough time to change costumes for different looks. You will get 10 finished photos for **\$499**.

- **Step It Up!** You realize you need a few photos for clients and publicity, or maybe you have a prop or even an expression you want to capture. Let's get a few dynamic shots of you in a couple different poses with some creative ideas. I'll make sure to get a head shot, too. You'll get five shots in less than a half hour.

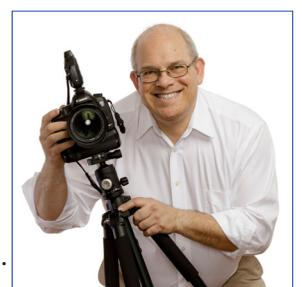

There is time for one quick costume change in this session. It's a smart investment at **\$279**. (Extra finished photos are \$50 each.)

- **Head's Up!** You're going to get TWO shots...one classically posed head shot that can be used in the newspaper or on a business card, plus one shot to give you a little energy that you may want to use on Facebook, a flyer, or even a promotional poster. Everyone should be lining up for this at this price...only **\$169!** You'll be in and out in 10-15 minutes. (If you want an extra finished photo or two, the extras are \$50 each.)

All sessions include you receiving full resolution digital images of the photos you select with basic retouching included so you look your best. (That includes removing blemishes, whitening teeth and eyes and reducing wrinkles. If you desire more extensive retouching, there is an additional charge.)
